PRICE FIVE CENTS

BEGIN 2-DAY GRADUATION CEREMONIES AT THE MOUNT

An honors convocation and baccalaureate service this afternoon open two days of events marking the 154th commencement at Mount Saint Mary's College, Emmitsburg.

The "honors" program begins at 3:45 o'clock this afternoon with an academic procession to the college auditorium where the Rt. Rev. Msgr. Robert R. Kline, president of the college, will preside.

Following the invocation, Charles E. Robinson Jr., Fairmont, W. Va., will give the salutatory address.

TO AWARD HONORS

Rev. Dr. Francis P. Keane, dean of the college, will then award honors. Among those who will appear as members of the Monsignor Tierney Honor Society, selected for "intellectual excellence and esteem of professors and fellow students" will be Michael A. Topper, Emmitsburg; Donald Haag, Charman; and Thomas R. Staub, McSherrystown. Topper also has been announced as a member of Delta Epsilon Sigma, National Catholic honor society.

Haag will receive the Monsignor Bradley Memorial prize for the highest scholastic average throughout the business administration course. Dennis J. Cleary, Philadelphia, receives honorable mention.

Topper will receive honorable mention for the McGraw Memorial.

County Girl Is Miss Milkmaid

HARRISBURG (AP)—Pretty Sally Lorraine Brown, a 17-year-old 4-H girl from Adams County, reigns today as Miss Milkmaid 1962 for the Harrisburg area.

Miss Brown, a graduate of Littlestown High School, won the title Monday night, qualifying her for the state milkmaid finals at Reading June 26 and 27.

She beat out competitors from Fulton, Franklin, Cumberland, Perry, Juniata, Lebanon and Dauphin Counties for the area title.

Runnerup was Diane Elizabeth Baish of Mechanicsburg, a freshman at Shippensburg State College. Miss Brown plans to enroll at Penn State University this fall to take up journalism.

Tap Blood Of Donors When Needed Says Administrator

Operation of the Warner Hospital's "walking blood bank" was outlined to the Rotary Club Monday evening at the YWCA by Walter Dillon, administrator of the hospital. He invited the Rotarians to join the "bank" at their meeting next Monday.

Dillon said the hospital prefers to "keep the blood in the donor until it's needed" rather than operate a formal "blood bank" which would take blood from donors and keep it stored under refrigeration until needed.

"We run constant evaluations of our usage of blood by type," Dillon said. "In our experience there is no desirable pattern which would permit us to store blood in a storage bank. Since blood can be kept in storage for not more than 21 days, we would have occasions when we would have to throw away a lot of blood. On other occasions we would not have enough. Operation of a 'blood bank' in which the blood is kept refrigerated would cause us to face another danger. We take blood from donors at the most every three months. With the relatively limited number of possible donors in our area, especially of some types of blood, we would run the danger of having thrown away a pint of blood of a certain type just before it was needed. And because the donor had given the blood only three weeks before, he could not give when it was needed. We prefer to have the donor keep his blood until it is needed."

REVISE DONOR LIST

"If our studies should indicate some pattern that could be adapted to a storage bank, we immediately will give serious consideration to it."

JOHN GETTIER, ADAMS NATIVE, DIES ON VISIT

John E. Gettier, 53, of Cleveland, Ohio, a native of Adams County, died suddenly at 1:30 this morning while visiting at the home of a sister, Mrs. Stanton D. House, Aspers.

Mr. Gettier, a former state policeman and at the time of death a guard at the General Electric plant in Cleveland, had been on vacation with his wife to Atlantic City.

Enroute back to Cleveland Monday, Mr. and Mrs. Gettier stopped at the House home to spend a day with relatives here. Monday night they visited a brother, Roy Gettier, former baker, in Biglerville, and then returned to Aspers.

CORONER CALLED

Shortly after his arrival there he complained of feeling ill. He was assisted to bed and a physician called, but before the doctor could arrive death had occurred. County Coroner C. G. Crist, called to the scene, said the death was caused by a coronary thrombosis.

A son of the late Charles and Lily (Shriver) Gettier, he was a native of this county and resided in Biglerville until he became a Pennsylvania state policeman at the age of 21. He served for 17 years until he retired and became chief of police at Fairhance, Pa. For the last several years he has

JAILED TODAY

George B. Bucher, 19, Iron Springs, was taken into custody this morning at 7 o'clock by Deputy Sheriff Oliver Sanders on a nonsupport warrant issued out of the office of Justice of the Peace Robert P. Snyder and was placed in the county jail.

LOCAL GIRL, 5, NATURALIZED THIS MORNING

The youngest person to become a naturalized citizen here received her citizenship papers at a naturalization hearing in the Adams County court this morning. She is Mary Terese Cole, five-year-old daughter of Mr. and Mrs. Sterling Cole, 839 Fairview Ave.

When the Coles were in Paris from 1954 to 1957, while Mr. Cole

MISS MARY COLE

was a staff sergeant in the Air Attaches' office in the American Embassy, they decided to adopt a girl. They presented their case to the head of the Catholic Charities in Paris who referred them to an orphanage in Dublin. Their application stated that they wished a girl. That was in September, 1956. On April 22, 1957, a girl was born in Dublin and the Coles were notified that their application had been approved and that arrangements would have to be made for her transportation to the states.

It was not until June 7, 1958, that she arrived here aboard a KLM (Dutch) airliner accompanied by a stewardess. Through some slip up the Coles were not notified of the time of arrival and were not at Idlewild Airport when the big plane put down. They were then notified by phone and

UPPER ADAMS BOARD ELECTS 3 TEACHERS

The Upper Adams School board at its June meeting Monday evening at Biglerville accepted the resignation of a teacher and a director and elected three teachers for the fall term.

The board accepted the resignation of the Rev. Nevin R. Frantz, pastor of the Arentsville and Biglerville Churches of the United Church of Christ, as a member of the board, effective immediately. He was a member of the finance committee of the school board. The directors added expressions of appreciation for the services of the Rev. Mr. Frantz and regret that he is leaving the community to their action on his resignation. He has accepted a call to Newton, N. C.

The other resignation was that of Miss Sarah Rice, Second Grade teacher at Arentsville.

NAME 3 TEACHERS

On recommendation of the Teacher Committee, the board elected Carol S. Edmiston, Latrobe, graduating this year from Thiel College, as an English teacher in the junior high school at a salary of \$4,000 per year.

Mary Burkholder was elected as a general home economics teacher for three days each week. She will replace Mrs. Nevin Frantz, whose resignation is expected.

The board also rehired Jean Walsh, who had resigned several months ago as a teacher at Bendersville. She will be assigned to the Second Grade at Arentsville. A change in plans for the teacher

GIVEN JAIL TERM

Dean Thoman, East Berlin, was sentenced to six months in jail Monday by Judge James E. Buckingham, York, after Thoman was adjudged in contempt for failing to comply with a family support order. The probation department said Thoman was \$3,200 in arrears on the order.

TEACHER HONORED

Elwood H. Murphy, 67, Thomastown, R. 1, principal of the Paradise Elementary School since 1958 and who is completing 47 years of teaching, was the guest of honor at a recent dinner of the school faculty and personnel of the Spring Grove Joint School District. In 1922 he taught at Gobel's School, Abbottstown.

Pilot Of Crashed Airliner Feared Impending Disaster

By RODNEY ANGOVE

PARIS (AP)—Evidence mounted today that the pilot of the crashed jetliner that crashed with the loss of 130 lives made a desperate attempt to halt his takeoff.

The four-engine Air France Boeing 707 jet rose only a few feet before plunging to earth, smashing through a fence and exploding into flames at Orly Airport Sunday. All 121 American passengers, including many Atlanta cultural leaders, eight crewmen and Air France's Atlanta agent were killed.

The investigation of the crash may not be completed for six months, but there were a number of indications that Capt. Roland Hoche, one of Air France's most experienced pilots, was aware of impending disaster and frantically tried to halt the huge craft.

SAW BRAKE SMOKE

Pierre Loiseau, a radio operator at the Orly control tower, said he saw smoke coming from the big jet's wheels, indicating that

the pilot slammed on the brakes as the plane approached its normal takeoff point. Loiseau said the plane swayed from side to side as though the pilot was maneuvering in an effort to cut speed.

Skid marks on the runway indicated the pilot had his brakes on for about 500 yards. Investigators reportedly found the plane's throttle levers in the reverse position, another indication that the pilot tried vainly to halt the jet.

Francoise Aunie, 23, one of the two stewardesses who were the only survivors, said she felt the engines slow as the plane rolled down the runway.

UNAWARE OF DANGER

"When the engine slowed down I knew we would not take off," she said. "I did not imagine for a moment that we were in danger. Then it happened—like that—suddenly."

She said there were several s-

LIONS ELECT DENGEL; HEAR LIBRARY TALK

Gettysburg Lions Monday evening held their annual election of officers, heard a talk by Mrs. Mary S. Wilson, county librarian, and inspected the county library's new bookmobile at their weekly dinner meeting Monday evening at the VFW Home.

Kenneth R. Dengler was elected as the new president of the club, advancing from the position of first vice president. He will succeed David A. Blosser when the new officers take over in July.

The other officers named include: First vice president, Sterling F. Musselman; second vice president, Attorney S. M. Raffensperger; third vice president, Ralph E. Barley; secretary, Harold R. Ecker; re-elected; treasurer, J. Herbert Weikert; re-elected; tall twister, Roland W. Kime; Lion tamer, George C. Fair; directors, John E. Caldwell, John B. Kendelehr and Carl S. Menchey.

"PILOT PROJECT" HERE

In her talk about library service, Mrs. Wilson, who has headed the county library staff for the last 11 years, said "a public library is for all tastes, all walks of life and it is often called the 'people's university' for it is the only means many people have to extend their learning beyond high school, college or university classes on their own initiative."

She described the "pilot project" in community library service being launched here with state and federal funds intended to show

OMIT SPEAKER FOR MEMORIAL SERVICE JULY 1

There will be no speaker at the memorial service to be held by the Gettysburg Fire Department Sunday night, July 1, to mark the opening of the 99th anniversary of the Battle of Gettysburg.

The special events subcommittee of the Battle Anniversary committee, meeting Monday night at the engine house, E. Middle St., decided that as an experiment the program this year will consist only of a concert by the Army Field Band at Gettysburg High School, with music to include Civil War selections, plus a brief statement of the purpose of the memorial program by the master of ceremonies, Mayor William G. Weaver.

The officer in charge of the Army Field Band, which has played here a number of times, said his 102-piece aggregation will expand its program to full concert length July 1.

SCHEDULED OUTDOORS

As another change, the program will be held, starting at 7:30 p.m., on the football field at the high school, rather than in the auditorium, which will be used only if weather prohibits the outdoor appearance. Members of the committee expressed the belief that an outdoor program on the area over which Confederate troops moved to attack E. Cemetery Hill, July 2, 1863, at about

College Grad Is Civil Service Head

John E. James, personnel director of the state Department of Revenue since November, 1957, became executive director of the state Civil Service Commission June 1.

In state service since December, 1956, James was engaged for a year in personnel work in the Office of Administration. Prior to that time he was a U.S. government career employee at Rock Island Arsenal, Ill., and later at the Philadelphia Ordnance district office.

A veteran of World War II, James was graduated from Gettysburg College in 1948 with a bachelor's degree in economics, and has done graduate study at the University of Chicago. He will receive \$13,979 annually.

Killer Commandos Sent Into Action In Algiers

By ANDREW BOROWIEC
ALGIERS (AP)—The European Secret Army Organization signaled the end of its five-day truce in strife-torn Algeria today with threats of a new terrorist rampage.

In a pirate broadcast, secret army leaders announced they were sending their killer commandos back into action in Algiers.

In what appeared to be a last-ditch bid to win concessions from the Moslem nationalists, the broadcast said the secret army will still press for contact with Algeria's future rulers in hope of getting what it wants in the way of special treatment for Algeria's European minority after the territory becomes independent.

WANTON MURDER

The broadcast said first contacts with the nationalists had been "satisfactory" but agreement had not been reached because of "maneuvers" of the French authorities.

The U.S. State Department denounced the secret army's threat to resume its campaign of "wanton murder" and again expressed full support for President Charles de Gaulle's efforts to bring peace to Algeria.

"Such wanton murder has no excuse, no justification, and can only lead to a sadder future," said State Department press officer Lincoln White in a statement issued in Washington.

FEAR RETALIATION

There were fears that a new secret army terror drive would be met with full-scale retaliation by the Moslems instead of the restraint which had prevailed after the Europeans began indiscriminate killing of Moslems.

Bands of Moslems machine-gunned French troops and civilians on the outskirts of Algiers Monday. French officials believed the attacks were by Moslem commandos who wanted to show their disapproval of any contacts with the secret army.

Three French soldiers and two civilians were wounded in the attacks. Three Moslems and two Europeans were killed in other terrorist attacks.

DR. PUTMAN OPENS SYNOD SESSION HERE

"Many of us are minimum Christians. We do what we can to keep certain rules and conform to certain marks that are characteristic of the church."

This was the warning sounded by the Rev. Dr. Dwight F. Putman, Harrisburg, president of the Central Pennsylvania Synod of the United Lutheran Church in America, as he addressed more than 500 delegates at a communion service Monday evening which opened the 25th and final convention of the synod. The service was held in Christ Chapel on the college campus here.

Along with that warning, Dr.

2-WAY TRAVEL ON 2 STREETS IS REJECTED

Borough council, by one vote, rejected a proposal to restore two-way traffic on E. High and S. Stratton Sts. at its meeting Monday evening in the council chambers in the engine house.

Two ordinances were read to council. One would do away with parking on the south side of High St. and S. Stratton St. The other would restore two-way traffic on E. High and S. Stratton while leaving Liberty St. a one-way street.

A voice vote was taken and when it could not be determined the council was polled. Councilmen George Naugle, Richard Smith and M. P. Hartzell Sr. voted "yes." Councilmen Robert McCoy, John Welshness and Mrs. Rebecca Schwenk voted "no." Since Councilmen Philip M. Jones and Atty. John Thrush were not present at the meeting that left the matter a tie. Council President Glenn Guise resolved the tie by voting "no." Councilman Smith said "Alright, the ordinance will come up again next month."

READ PETITIONS

A petition signed by 77 residents of the two streets and "others interested" in retaining one-way traffic and two letters from post office officials, one dated February 16, stating it has no objection to one-way traffic and the other that an opinion "would be held in abeyance" were read.

Miss Kenney Named Director Of PSCCA

Miss Grace Kenney, R. 3, was elected to the board of directors of the Pennsylvania Society for Crippled Children and Adults at its recent annual meeting in Pittsburgh. Miss Kenney is also secretary to the Adams County Society for Crippled Children, Inc., an affiliate of the Pennsylvania society. She is associate professor of health and physical education at Gettysburg College.

PORCHES MAY BE BUILT IN TOWN SQUARE

Borough council at its meeting Monday evening adopted ordinances authorizing construction of porches on Lincoln Square for a distance of 12 feet from the building line provided the construction does not obstruct any other building on the square. The same ordinance prohibits porches beyond the building line in the first blocks of the four streets entering the square.

Council voted to return to the Huber family \$25 paid for a building permit in 1954 for construction of a service station at the corner of Lincoln Ave. and Carlisle St. The structure was not built because of a court injunction forbidding the establishment of a service station there. Since the failure to use the permit was "not the fault of the persons paying for it" council voted to refund the money.

"OPEN BURNING"

Eugene Headley, of the Pennsylvania Department of Health, reported that the Carlisle "burning" ordinance suggested to council as a possible ordinance for Gettysburg "is unworkable according to the health officer at Carlisle." He suggested the borough adopt an ordinance prohibiting "open burning" and burning of noxious materials and garbage but permitting burning in fire places or enclosed incinerators.

Approval was given for the Recreation Board to use the borough property on E. Middle St. as a Tot Lot in case it can-

Receives Harvard Med. School Honor

J. Michael Bishop, son of the Rev. and Mrs. John S. Bishop, 238 Buford Ave., was presented with the Boylston Medical Society prize "for excellence in medical dissertations," Saturday at the annual Class Day ceremonies of the Harvard University Medical School and School of Dental Medicine.

Dr. Bishop received his Bachelor of Arts degree from Gettysburg College in 1957 and in 1959 was awarded a U. S. Public Health Service Post-Sophomore Research Fellowship and spent a year in the Department of Pathology at Massachusetts General Hospital. He is a member of Alpha Omega Alpha and the Boylston Medical Society. He will intern in medicine at the Massachusetts General Hospital.

The award received by the Gettysburg man was one of seven given at the ceremonies.

Will Be Assigned To Grand Turk Is.

Donald A. Summers, Cape Canaveral, Fla., graduate of Fairfield High School, class of 1954, is visiting his parents, Mr. and Mrs. R. M. Summers Sr., with his wife and daughter for one month's vacation after which he will take a new position with RCA on the Atlantic Missile Range.

He has recently completed three years of technical schooling in Miami. When he returns to Cape Canaveral, he will be assigned for at least one year "down range" to Grand Turk Island where he will be one of the electronic technicians tracking the missiles launched in conjunction with the latest "moon probe and manned moon shot series."

During this assignment, his wife and child, Maureen and Donna, will go to England to stay at the home of her parents, and will rejoin him at the Cape at the end of his assignment.

Fairfield Levies Per Capita Tax

A per capita tax of \$1 for each adult resident of Fairfield, effective July 4, was levied Monday evening at a meeting of the Fairfield Borough Council.

In other business the council advanced plans for improvements to Steelman and Stevens Sts. Bills totaling \$822.54 were approved for payment.

Thomas L. Newman, president, presided at the meeting which was attended by six councilmen.

COURT ASKED TO DISSOLVE DEVELOPMENT CORPORATION

The Adams County court this morning set July 9 at 10 a.m. as the time for a hearing on the request of Francis L. Sanders and William S. Ayre that the Steinwehr Development Corporation be dissolved and a receiver be named to "liquidate the assets," principally the Howard Johnson Hotel on Steinwehr Ave.

Sanders lists himself as a shareholder and creditor of Steinwehr Development Corporation and Ayre lists himself as a shareholder of the corporation, in their suit against Steinwehr Development Corporation, S. Blaine Miller, William H. Musser Jr., Joel B. Hill and Orville B. Orner.

SETTLEMENT AGREED TO IN DAMAGE SUIT

A settlement was approved by the Adams County court this morning following a hearing in the trespass action brought by Jane Elizabeth Spangler; her father, Clyde H. Spangler Sr., and mother, Evelyn R. Spangler, all of 120 Hanover St., New Oxford, against William C. Noel.

The suit resulted from an auto accident March 19, 1960, in which a car driven by Noel collided with a car driven by Miss Spangler in which her father was an occupant.

The settlement as approved provides \$225.40 for "out of pocket" expenses of Clyde Spangler Sr., \$400 in attorney's fees for Attorney J. Francis Yake Jr. and \$1,374.60 to be placed in an account in the New Oxford Farmers' and Merchants' Bank for Miss Spangler until she reaches age 21. She is a college student.

ABOLISH DISTRICT

The court signed a decree abolishing Conewago Independent School District as of June 30. On that date, according to the order signed following a hearing this morning, the territory of Conewago Independent will become part of the territory of the Reading Twp. School Board. The independent district was set up in 1911 by the Adams County court from Reading and Hamilton Twp. Principal witnesses this morning were Pauline Mummert, secretary of the Conewago Independent Board; County Superintendent of Schools C. P. Keefer and Richard B. Alwine of the Conewago Independent School Board.

Approval was given by the court to discontinuance of the divorce action brought by Reuben E. Sipe against Miriam Megonell Sipe. Mr. Sipe told the court that at the time he brought the suit he thought he and his wife were still married, but has found since that she divorced him previously at South Bend, Ind.

PORCHES MAY

not obtain the former Tot Lot site on Fourth St.

A resolution was passed opposing the state mandatory wage act which would force the boroughs and townships to set mandatory wages for contracts over \$2,000, with the wage scale to be approved by the state.

CHARGE INSURANCE

A. Clifford Stamfel and James Watson, insurance agents from the Aetna Casualty Co., outlined the borough's present liability insurance program which expires July 1. The policy provides for \$100,000 to \$300,000 coverage for personal injury and \$5,000 coverage for property damage. They recommended the property damage limit be increased to \$25,000 stating it will cost about \$40 more a year. Council approved a three-year policy with the recommended increase to \$25,000 on property damage. The two explained that the coverage will protect the borough if any persons are injured in the recreation program due to faulty equipment or any negligence on the part of the recreation program, and will cover spectators at games. It will not cover personal injury to participants in games and activities.

An ordinance was passed permitting council to pay 50 per cent of his regular salary to any police officer who retires after serving more than 10 years and who is not covered by social security or other pension plan. The ordinance provides for the retirement of Borough Officer Charles W. Culp Jr. Other policemen are covered by pension plans.

REPORTS ON 2 CLUB SIGNS

The origin and development of the two signs installed by the Kiwanis Club on Lincoln Square and at the National Museum to show the location of business places and points of interest by lights was outlined by William G. Shoemaker II at a meeting of the club Monday evening at the Lamp Post Tea Room.

Funds received from the signs are used to support community projects for boys and girls, such as Tot Lot milk program, the Big Little League baseball team, erection of a pavilion in Recreation Park, Christmas decorations, and other projects, Shoemaker said.

The club approved the purchase of a sand box to be placed in the Rec Park.

Kenneth Foust, delegate to the international convention to be held in Denver, June 10, 11, 12 and 13, will leave Sunday by plane.

After the meeting members installed a plate glass in the sign in Lincoln Square. Decals were placed on the trash cans in the square and a road sign installed on the Emmitsburg Rd. A board meeting was held in the West Street Bank.

Ted Lockner, a Kiwanian from College Park, Md., was a guest at the meeting.

President Roy Thomas presided.

COURT ASKED

(Continued From Page 1)
by the Commonwealth... have failed to maintain a stock register... have issued bonds in the name of the corporation, but the minute books fail to show the bonds authorized, or the number of bonds issued or amount secured by such bonds.

UNAUTHORIZED CHECKS

According to the petition "a paper in the stock certificate book" showed "Bond No. 2," for \$11,000 issued to Atlas Manufacturing Co. and "Bond No. 8" for \$6,000 issued to C. C. Knottcamp and Son. Allegation is made that during 1961 "numerous checks" were issued to S. Blaine Miller from the funds of Steinhewer Development "without corporate action being shown by the minute books authorizing said checks."

"On October 31, 1961, a check for \$125 designated as travel expenses was issued to each individual respondent on funds of Steinhewer Development with no corporate action shown by the minute book authorizing the checks."

RECORDS "LOOSE"

Allegation is made that on March 13 the individual respondents meeting as the board of directors decided that bills of directors for drinks served in the Command Room prior to March 1 would be written off to promotion. On March 13 directors authorized themselves to purchase drinks in the future in said bar room on payment of 50 per cent of bills and to charge off 50 per cent as promotion. "On June 5, 1961, the individual respondents voted a directors' fee of \$25 for each director for each meeting from the time of organization"—1958.

Allegation is made that the minute book contains only the organization meeting in 1958 and that the secretary "maintains two folders, one typewritten, the other in 'pencil notes'."

Allegation is made that the directors leased the motel to S. Blaine Miller on March 1, 1962, but that "terms of the lease have not, as of May 3, been reduced to writing."

Engagements

Carbaugh-Null

Announcement is made by Mrs. Sylvia Null, Dillsburg, of the engagement of her daughter, Carolyn Elaine Null, to Clifford Carbaugh, grandson of Mr. and Mrs. C. W. Carbaugh, East Berlin. A late summer wedding is planned.

The bride-to-be is a 1962 graduate of Northern Joint High School. Her fiancé, who attended East Berlin High School, served in the Army.

Sanders-Laughman

Mr. and Mrs. Charles M. Laughman, New Oxford R. 1, have announced the engagement of their daughter, Rosita Marie, to John E. Sanders, son of Mr. and Mrs. Ralph Sanders, R. 5. Miss Laughman is a graduate of New Oxford High School and is employed by Blough-Wagner Manufacturing Co., New Oxford, and at the Conewago Dairy. Mr. Sanders is a graduate of Delone Catholic High School and is employed as a plasterer by Glenn Shovacker. The wedding is planned for November 17.

torate. He declared that although there is still resistance to change, many congregations and denominations are "beginning to emerge from isolation" and to realize they are not "closed corporations."

ISSUES CHALLENGE

He reported that in the new Lutheran Church of America, to be formed soon, there will be more responsibilities on the laity "as members of the body of Christ. Laymen shall be dedicated and responsible or the church will be weak," he said.

There has also been developing a new concept of the ministry, the preached continued. "Pastors are ministers of their congregation; their offices are of the church, beyond the congregation." He declared ministers are ordained, trained and installed by the church, not by the congregation, and if need be, they are disciplined or defended by the church.

In closing he challenged the delegates with "commitment as the key factor in going beyond the minimum requirements. Those whose commitment is to an organization may appear to be meeting the requirements, but they are barely beginners," he said. "It is the new man in Christ who goes far beyond the minimum and possesses the vital faith for this space age."

587 REGISTER

This morning when the first business session of synod convened at 9 o'clock there were 587 delegates, 322 clergymen and 265 laymen, registered from 618 congregations of the synod. This morning's session was given over largely to officers' reports.

Among the reports today was that of the synod president. In commenting on the recent seminary merger negotiations between Gettysburg and Mt. Airy, Dr. Putman said: "Now that the merger does not appear to be in prospect, let none be deceived in thinking that the synod can get off cheap insofar as its support of the seminary is concerned. Our seminary must be nothing short of a first-rate institution meeting the highest standards of theological education."

Dr. Ralph C. Robinson, synod secretary, reported a decline in both baptized and confirmed membership in the synod in 1961 but the communing membership increased. The same report showed a loss of 10,621 from the Sunday School rolls and was listed as a "cause for concern."

Financially the synod picture is "much brighter" and although membership is down members have been increasingly generous in their giving," the report said. Dr. Robinson also reported on stewardship and benevolence. He said in part: "The record reveals a steady advance in the benevolence offerings of the synod. Our giving, however, has not kept pace with that in other church bodies. We have done well but we must do better." Citing the low level giving of segments of the church membership, there was a reference lamenting the "unscriptural methods" of raising funds by suppers, rummage sales, bake sales and the like.

Convention sessions will end at noon Wednesday. The synod was formed in 1938 and Dr. M. R. Hamsher, Gettysburg, was its first president. Dr. Putman became president in 1948. It has a staff of 10 clergymen and laymen.

OK BUS CONTRACTS

Wilson Wenk, supervisor of the Little League program, reported plans are ready for the league opening in Arendtsville, Bendersville and Biglerville.

On recommendation of the Property Committee, the board awarded one-year bus contracts to Glenn Funt at \$15.80 per day and to Glenn Hartman at \$15.50 per day. Both will haul pupils to Arendtsville and Funt will go on to the high school at Biglerville.

The C. L. Eicholtz Co., New Oxford, was given the contract for cleaning school typewriters at \$5.50 per machine. The board ordered blacktopping of entrance areas at the Bendersville school and the placing of entrance gates at the Biglerville high school grounds.

In response to a request from Bermudian Springs High School, the board granted use of the Biglerville football field to the Bermudian Springs team for games on November 3 and 10. The Bermudian Springs field will be seeded again in the fall.

On recommendation of Superintendent Donald B. Hudson the board adopted a school calendar for 1962-63, providing for teachers' workshop September 5, school opening September 5 and closing next June 7.

President Oscar Rice Jr. appointed John Pitzer as the district's representative to the state Legislative Council. The board expressed its "appreciation" for the manner in which high school baccalaureate and commencement and Sixth Grade graduation programs were handled.

TOWN NATIVE DIES MAY 29 IN RIPON, CAL.

Charles Benton Tawney, 82, Gettysburg native and prominent Ripon, Calif., businessman and rancher until his retirement about eight years ago, died Tuesday morning, May 29, at his Ripon home. Death followed a long illness.

Mr. Tawney, husband of Belle F. Tawney, went to Ripon in 1917 and owned and operated a warehouse and feed mill there. He organized the first independent ice company in the area and was a vineyardist, operating ranches in Escalon, Oakdale and the Ripon area.

Until his retirement in 1954, he was active in many organizations. He was a director of the Walnut Growers' Association, one of the organizers of the Lockford Wine Growers Guild, director of the South Joaquin Irrigation district from 1933 to 1945, where he was one of the planners of the present Tri-Valley Dam project.

HELPED CHARTER CITY

He was president of the Ripon Chamber of Commerce for nine years and was instrumental in bringing two industries to Ripon in that time, the Nestle Milk Products company and the Meyenberg Old-fashioned Milk company.

He helped organize the Ripon Sanitary District, and was a charter councilman at the time the city of Ripon was incorporated. He was one of the organizers of the Ripon City Municipal Water District, was a member of the county Republican committee, the state Chamber of Commerce, the Central Valley Water Committee and the state's agricultural committee.

Mr. Tawney was a son of the late Newton A. and Clara Stallsmith Tawney and was a brother of the late Clinton E. Tawney, Alveta Whisler and Carrie E. Tawney. A number of nieces and nephews survive in this area.

Mr. Tawney's funeral services were held May 31 at Manteca, Calif.

REV. ELLIOTT ACCEPTS CALL

At a congregational meeting of the Lower Marsh Creek Presbyterian Church, held immediately after church services Sunday morning, the Rev. Edwin Elliott tendered his resignation.

The congregation voted to join with him in asking the Presbytery of Carlisle to dissolve the pastoral relationship.

Mr. Elliott has accepted a call to become pastor of the Manassas Presbyterian Church, Manassas, Va., beginning July 1. The Manassas Presbyterian Church was organized 100 years ago. It ministers to a rapidly growing community about 25 miles from Washington, D. C.

The Rev. Mr. Elliott came from Utica, N. Y., to the Lower Marsh Creek Church five years ago. He has been president of the Adams County Mental Health Association and is currently a member of the Board of the Pennsylvania Mental Health Association. Mrs. Elliott, who has been guidance counselor in the Upper Adams School District, will begin work in the Prince William County, Va., schools this fall. The Elliotts have two sons: Edwin Jr., who is band manager for the Gettysburg High School Band, and Francis Moxom, who plays viola in the elementary school string orchestra.

NEW 4-H UNIT IS ORGANIZED MONDAY NIGHT

The Adams County and Country 4-H Economics and Marketing Club was organized Monday evening at a meeting in the Adams Electric Cooperative building, rear of N. Stratton St.

The club, made up of young men and women who have had two years experience as members of the Adams County Town and Country Business Club, named Larry Bair and David Lott as representatives on the county 4-H Senate and named Marie Coble news reporter. The group selected a chairman and committees to arrange for various meetings.

At Monday's meeting Shirley Bair was chairman and the committee included Marie Coble, David Lott and David Slusser. The topic was "Demand-Effects and Definition." July 2 the meeting will be on "Marketing Costs" with Dale Bair as chairman and Connie Hartman, Diana Bricker and Martha Hikes as members of the committee.

FUTURE PROGRAMS

July 23 the program will be a debate on "Criticism and Defense of the Middleman." Mary Dorr will be chairman with Barbara Hay, Robert Spangler and Donald Bair comprising the committee.

August 6 the meeting will be on "Competition and Competitive Selling" with Ronald Brown, chairman, and Sally Brown and Larry Bair, members of the committee.

August 20 the program will be on "Markets and Market Outlets" with Mary Jane Bowman, chairman, and members of the committee being Martha Bowman, Carol McMaster and Lois Griest. At Monday's meeting Shirley Bair spoke on the "Meaning of Demand." David Slusser gave a presentation on "Effective Demand—which means desire, plus purchasing power."

David Lott spoke on "Anticipated Demand" and "Devices for Creating Demand." Marie Coble spoke on "Factors which Modify Demand."

The program closed with a general discussion by Shirley Bair on "General Food Facts."

sideration to the establishment of such a bank.

"Using our present list of donors we have been able, without serious difficulty, to supply blood necessary for our patients. Our donor list requires continuous revisions due to donors moving from the community and reaching age limits beyond which we do not draw."

Dillon explained the careful process by which the blood of a donor is checked with that of the patient.

"It is this careful checking, which we can not do away with for the safety of our patients, which causes the delay about which some donors complain. We regret that a donor must wait to give his blood, but we cannot just take it without making sure that it is safe to use in the patient."

Dr. Richard Newsham presided at the meeting. The speaker was introduced by Clark Smith, who also announced that approximately \$900 in advertising has been pledged for the circus to be sponsored by the club August 23. Atty. John MacPhail and Dr. Frederick Shafer led group singing.

BURY MISS WHITMORE

Funeral services were held in the Mt. Tabor Lutheran Church, Rocky Ridge, Md., Sunday afternoon for Miss Ora Catherine Whitmore, 94, W. Main St., Emmitsburg, who died at the Mrs. Mary Crutcher Nursing Home, Frederick, Md., on Friday. The Rev. Donald Brake officiated and interment was made in the church cemetery.

The pallbearers were: Floyd Wetzel, Roystan Frailey, William Wise, Charles Knipple, Aaron Adams and Graydon Clem. The Wilson Funeral Home, Emmitsburg, was in charge of arrangements.

PRIEST TELLS MOUNT GRADS OF CHALLENGE

The Rt. Rev. Joseph M. Nelligan, S.T.B., LL.D., pastor of the Immaculate Conception Church, Towson, Md., addressing the 154th baccalaureate service of 152 graduates, their families, and friends at Mount Saint Mary's College, Emmitsburg, this afternoon said, "There are periods in human history in which there exist tensions, conflicts and dangers so vast and so universal as to make the time critical not only for the individual but for well-nigh all mankind. Such a period is our own. The situation is one which poses a grave challenge to us all but particularly to those who are equipped to occupy positions of leadership in our society."

"Clear thinking and hard work, intellectual maturity and dedicated service are of prime importance to those who are privileged today to enter upon positions of influence and of leadership. The individual who insists on maintaining his own personal comfort, his affluence or his pleasures to the detriment of the common effort is perpetrating a grave disservice to us all. It is to those who are willing to give of themselves that we must look in this time of crisis."

CITES RED GAIN

He further stated, "It has been a humiliating and sobering experience rather suddenly to find that we are not first but in some important areas a poor second. Communism has proved itself able to outstrip us in scientific achievement, to develop a military might that has startled and amazed our own planners and to make itself so strong that it can attempt to bully our government and to ridicule our people."

Msgr. Nelligan expressed the opinion that the success of the Soviet power was caused by the fact that the "Soviet people were willing to accept hardship, deprivation, danger and even death itself in order to obtain their goals."

"To counteract this success the people of the free world must develop an equal determination based upon the religious faith handed down to us in the divine decrees. This country can no longer survive with an attitude of complacent superiority based on the quest for pleasure, luxury and indulgence."

Mr. and Mrs. Harold Martin and family visited recently at the home of Mrs. Martin's brother-in-law and sister, Mr. and Mrs. Gaston Stoltzfus, Salisbury, Md.

STOCKS DIP DOWN A BIT

NEW YORK (AP)—The stock market nosed gently downward at the opening today.

Most leading issues declined a few cents a share but there was a scattering of narrow gains. The trading pace was active and the tape ran late.

Investors and brokers were watching closely for signs whether the market was in for a repetition of Monday's sharp selling on slaughter or whether a rally was in store.

International Paper fell 37 cents to \$28.62 on an opening block of 4,700 shares. U.S. Steel lost 12 cents to \$50.37 and International Telephone 50 cents to \$37.50.

SCHOOL BOARD

named transportation chairman for the Freedom board.

YEAR-END BALANCE

Reports presented to the board indicated the district will close this fiscal year with a balance, the size of which may be determined by the arrival date of rental reimbursement funds from the state. In a resolution the board authorized Superintendent H. Edgar Riegler to use or renew certificates of deposit totaling \$45,000 which the district now has on interest. The report of the First National Bank as school district treasurer showed a June 1 balance in the general fund of \$75,998, in addition to the certificates of deposit.

One Freedom Twp. bus was authorized to make a special emergency stop for a pupil with a broken ankle in the few days of school remaining this week. The regular bus stop is about 300 feet from the boy's home, the board was told.

OKAY NEW POLE

By roll call vote on a resolution, the board approved a right of way for a new Metropolitan Edison Company pole and service lines to the new high school building. It involves placing a new pole in front of the high school building. Details of the MECO plan filled several typed pages. The board by resolution also authorized the exchange of funds between various departments of school district accounts, a bookkeeping maneuver required at the end of the school year by state law.

In a brief, informal "post mortem" on commencement exercises which were held at the high school Sunday night, some directors praised the commencement speaker, another questioned the legal advisability of taking an offering for a church at a public academic service and the suitability of some of the electric organ music played during the exercise was questioned. There was reference, too, to the failure of some of the microphones to function in the amplifying system.

PAST GRADS TO MEET

The Adams County Past Grads Association will meet with the Mary Gettys Rebekah Lodge on Thursday at 8 p.m. in the lodge rooms here. The annual memorial service will be held in conjunction with the June session.

PREPARE FOR TURKEY VOTE

Supplies of ballots and other forms for use in the national turkey marketing order referendum to be held June 18 to 22 have been forwarded to county Agricultural Stabilization and Conservation Service offices, the state ASC office announced today.

Included are forms on which eligible voters are required to certify the volume of their 1961 marketing of turkeys in the ASC county office where they will vote. The forms have been sent to all known turkey producers in the county as well.

Producer-growers may certify their volume of marketing at any time before or during the referendum period. Contract producers are required to file by June 8 certification as to the number of producer-growers with whom they have "risk of loss" contracts and the volume of their 1961 marketings. Certifications of contract produce must be filed with the ASC office for the state in which the contractor's principal place of business is located. If, however, the contract producer operates in only one county, he must file his certification in that county. Cooperative organizations qualified to vote must also file certification by June 8 with the state office.

what can be done in the way of complete library service. "We hope that by this demonstration the people of Adams County will be interested in supporting public library service here adequately after federal and state funds are used."

After the meeting she showed the Lions the new bookmobile recently added by the county library to carry 2,500 books to all communities in the county under the new project while the former bookmobile is used to continue service to schools throughout the county.

PIN FOR MARTIN

Mrs. Wilson was introduced by Attorney Donald G. Oyler, who is a member of the Lions Club and of the county library's board of directors. During a brief business session the Lions voted to participate in the Tot Lot milk program during the summer recreation season at a cost of \$13.96.

President Blosser presented a pin to Adrian Martin in recognition of his having secured a new member during a recent special campaign. The president announced a brief meeting of the board of directors after the club session.

HONORABLE MENTION

Deputy District Governor William Lau announced that District 14C has won special recognition from Lions International for its club news bulletins and publicity and he said the Gettysburg club news letter, issued by Secretary Jane Deardorff and Genevieve Ruth, baseball — James Neely, Ray Adelsberger, David Benner, George Haines, Ray Trembow and Donald Briggs.

FIFTY YEARS AGO

81 In Adams County: Deputy State Factory Inspector Joseph P. Quinn is distributing the chief factory inspector's report for 1911 which shows that Adams county has 81 industrial establishments, employing 1,770 employees, of which 1,036 are males and 734 females. The industries in Adams County are: Iron 3; leather 2; lumber 8; mercantile 3; miscellaneous industries 48; textile 7; bake shops 10. That Mr. Quinn was "on the job" was shown by the fact that he dismissed six minors from industrial establishments because they did not have the proper certificates. He also gave 189 orders to owners of industrial establishments to install guards around dangerous machinery for the better protection of employees. He also issued three orders for elevator guards. During 1911 he compelled 20 owners of buildings to put up fire escapes for the protection of human life.

5,000 Soldiers To Go To Cuba: What is regarded as an open threat of intervention by the United States to bring about order in Cuba was made when the government arranged to send a large military force to the revolt-ridden island republic. A statement by General Estenoz, the insurrecto chief, denying that the uprising was a race war, or that the insurrectos had been guilty of wanton outrages, was made public at the state department. It came from Estenoz through George Collister, the American ranch owner who was reported captured. Estenoz says at some length that the negro in Cuba has been deprived of his constitutional rights. "Rather than be governed by Cubans in the way we have been governed in the past, it would be greatly preferable to be governed by strangers," says the statement. "We are not making war against foreigners and hope they will not take sides in this conflict."

\$90,000 Has Been Raised: At the meeting of the Board of Trustees of Gettysburg College President Granville reported that of the \$180,000 necessary to be secured before the Rockefeller gift of \$50,000 would be available, half had already been promised. It was decided to appoint a large committee made up of members of the board and alumni to assist in carrying on the canvass during the year. Prof. Charles A. Huber will relinquish his teaching duties at Prep this year in order to assist President Granville in this work and an extra instructor has been named for that institution to carry on the work of which Prof. Huber will be temporarily relieved. Rogers Musselman has resigned and two new instructors were elected. Raymond M. Rudy to teach Latin and Joseph H. Fritchey to teach mathematics. Both are members of this year's graduating class. W. L. Glatfelter of Spring Grove who has been a member of the board of trustees for the past four years was elected president to succeed Edmund Graff. Rev. H. A. Rinard, who has been YMCA Secretary and registrar for several years, decided to give up that work and Prof. C. B. Stover was given the duties of registrar in addition to his work as assistant in chemistry. Earl Bowman, a member of the Middle Class at Seminary, will have the position of student YMCA Secretary.

Today's Talk

PURPOSE
I recall a friend giving me this sentence one day when we were driving across a beautiful country. "It doesn't matter which way the wind is blowing if you don't know which way you are sailing." Drifting is just as good as any other procedure if a man's mind is all unwound, and he has no idea what he wants to do, or become. But there is this great danger — he who goes ahead, not knowing where he is going or why, is most liable to hit rocks that may be hidden, or be carried to a country in which he will fail for lack of accumulated knowledge.

Most successful men had in mind in their youth just what they planned to be. And so they went ahead and worked to that end.

You always lose the least time when you have a definite plan in your mind.

The boy who determines he shall have a college education, gets it — and then, with that education as a background, he further determines to make his life count most at every turn of fortune.

Visible from my 28th floor office windows, in New York City, they are constructing yet another skyscraper. They have built three stories in steel now built, but I am told that the building is nearly all rented. All from blueprints. There is a reason for every bolt and piece of steel in that stupendous structure. Nothing will be wasted. Everything will fit. It had all been planned out, months in advance.

Without individual purpose our lives would be like small pieces of driftwood cast upon the open sea.

The most important thing in life is not merely to have a purpose, but to stick to it, through thick and thin, through storm and sunshine — through failure as well as through success.

If you want to do a thing to the extent of all your heart, the thing will be done!

Tomorrow Mr. Adams will talk on the subject: "City Streets"

EXAMPLE
If from others you would learn,
This is all I have to say:
Seek the best; be quick to turn
From the worst that cross your way.

T.ve your lessons from the strong;
Do as they do if you can,
But refuse to linger long
With a weak and foolish man.

Look about with open eyes.
Copy men whose acts are fair.
Learn the habits of the wise,
Know what courage has to bear.

If to manhood you would grow,
If for real success you thirst,
Ask the finest man you know,
Not the weakest and the worst.

If you would be brave and true,
If you'd walk with head erect,
Let some good man show to you
How to win the world's respect.

Zinn sang before the ceremony Devere's "Wedding Song" and Miss Beulah Armor played the wedding march from Lohengrin. Miss Mary Power, Miss Ruth Hamilton and Miss Eleanor Stauffer of York were the bridesmaids. Elmer Stauffer, York, a brother of the groom, was best man.

The newly wedded couple left on the four o'clock train over the Reading for a trip of several weeks after which they will be at home in Chambersburg where Rev. Mr. Stauffer is pastor of the Second Lutheran Church. He is a graduate of both college and seminary here and has a large number of friends in town. The bride is a graduate of Irving College, Mechanicsburg, and a very accomplished musician under whom many young people of Gettysburg have studied.

COURT STUDIES ARGUMENTS ON LEGISLATIVE REDISTRICTING

HARRISBURG (AP) — Arguments for and against an effort to force legislative reapportionment in Pennsylvania before the Nov. 6 election were under study today by Commonwealth Court.

Both sides presented their cases to the six-judge court Monday at a 90-minute hearing in Harrisburg.

On one side was the state of Pennsylvania, calling for a delay of action on the reapportionment problem until the 1963 General Assembly has had a chance to act.

WANT CHANGE NOW

However, Raymond R. Start, former Delaware County district attorney from Upper Darby, and Marshall J. Seidman of Oreland, Montgomery County, opposed the wait-and-see policy.

The pair asked the court to block the election of 235 legislators in November until legislative reapportionment is completed.

Start also urged the court to order Gov. Lawrence to call a special session of the legislature on the reapportionment issue. The motion was turned down.

CHANGE POSITIONS

Meanwhile, two other parties that had been in favor of immediate reapportionment, changed their position and agreed with Atty. Gen. David Stahl to give the 1963 General Assembly a chance to redistrict the state.

The two are the Philadelphia Committee of Seventy, a citizens' watchdog group, and Lee F. Driscoll Jr. of Lower Gwynedd Twp., Montgomery County.

"It would be more orderly to defer action until the 1963 legislature has a chance to act," the Stahl argued, noting that the candidates for the November election have already been selected.

"To nullify the primary election result would be a serious matter," he declared.

IMPASSIONED PLEA

Start's reply was impassioned. "How can we suppose they (the legislators) will do it (reapportion) in 1963 when they have avoided it for 40 years?" he asked.

The 210-member State House was redistricted in 1953, but the Senate hasn't been reapportioned since 1921. State law calls for redistricting every 10 years, but prescribes no penalties for failure to do so.

Along these lines, Start's attorney, Stephen J. McEwen Jr. of Upper Darby, described the legislators as "boys who won't behave because they can't be punished."

WOULD CHANGE 18

Seidman, a former deputy attorney general, said in 49 of the 67 counties the present districts would not have to be touched. In 10 counties, the number would have to be reduced, he added, while in the other eight counties, the number should be increased.

In the latter case, he suggested this could be done for now by electing the additional legislators on a county-wide basis.

Seidman also questioned the constitutionality of a provision giving each county in Pennsylvania at least one assemblyman.

RIGHTS VIOLATED

He maintained that the provision now violates the right granted to each citizen by the 14th Amendment of the U.S. Constitution to equal protection of the law.

Seidman particularly objected to the present set up in Montgomery County and to the fact it only has six representatives and one senator.

By the 1960 census, he said, the county should have two senators.

College Musical Clubs gave their annual commencement concert in Brua Hall. The orchestra was at its best and the glee club and the mandolin club were also on the program. F. H. Kramer was reader for the evening. The clubs elected J. Calvin Hartman manager for next year; Mr. Kurtz leader of the mandolin club and J. Dale Diehl leader of the glee club.

Deadly Appetite: Turned loose in a strawberry patch, Maurie Hull, a Hanover boy, ate so much of the delicious fruit that he is in the York hospital in a critical condition.

and nine assemblymen.

Furthermore, the present districting which assigns one legislator to each of the first two districts in the county and four to the third district is inequitable, he said.

Seidman, a Democratic candidate for the legislature in the county's Third District, said he knows from personal experience how difficult it is to campaign in such a large area and to represent such a large number of people.

TV TRIES TO STAY CLOSE TO REALITIES

By CYNTHIA LOWRY

AP Television-Radio Writer

NEW YORK (AP) — Doctors watch television medical dramas, alert for technical mistakes. Lawyers snort angrily when "dramatic license" turns a courtroom drama into sheer fantasy. Newspaper folk laugh at those "stop the presses" and "tear up the front page" sagas.

But television, where so much of this sort of inaccuracy is likely to be found, has been trying hard to stay close to reality. In the cases of the current doctor series, it has done a good job.

Goofs and silly situations still pop up, part of the old tug-of-war between the sticklers for realism and the demands for drama.

CUPIDOUS ITUATIONS

Recently, however, Ernest Le Jahnke, head of the NBC bureau of standards and practice which rides herd on program content, found himself in a curious situation: Ordering revisions in a program because they seemed implausible but were actually authentic.

The program is the pilot film of a new fall series, "Sam Benedict," based on the real-life exploits of a colorful, unorthodox lawyer named Jake Ehrlich. Jahnke found the fictional character of Sam was doing two things forbidden in California courtrooms where the action took place. Ehrlich, consultant on the show, claimed he had actually done both of them Jahnke, however, won.

"One of the things—making an impassioned speech against capital punishment within earshot of the jury in the middle of its deliberations—made the hero appear unethical and you can't have that," said Jahnke. "And the other thing, having to do with a poll of a hung jury, would have seemed ridiculous, because it is not allowed."

RECOMMENDED MENU

"This is a delicate area. We don't want to be too restrictive in these matters. It is important not to interfere with the production of creative, meaningful drama and adult themes. On the other hand, we can't allow free rein in some situations."

Recommended tonight: "Hitchcock Presents," NBC, 8:30-9 (EDT)—"The Children of Aida Nuova," with Jack Carson; "Garry Moore Show," CBS, 10-11—Gwen Verdon is a guest star.

Baseball games between Middle Atlantic Conference teams will be played in a shorter time in the future.

The conference's executive committee has adopted a series of 11 steps to reduce substantially the time consumed by the contests. Willis J. Statton, executive director of the conference, announced today that the rules will be presented to the conference membership for approval and will be in effect for the 1963 baseball season.

The rules provide that —
(1) Each team will be limited to a 30-minute pregame practice period.
(2) The ball shall not be thrown around the infield following each out.

(3) If a batter is to be given an intentional walk, the pitcher shall notify the umpire, who shall move the batter to first base at once.

(4) The batter shall either wear his felt hat or have it in his pocket when at the plate.

COURTESY RUNNER

(5) After two outs are made, a courtesy runner shall be inserted for the catcher and pitcher, if either or both are on base at the time. The courtesy runner shall not be one of the current nine active players, and it shall not prevent his entering the lineup later as a batter, fielder or runner for other than the catcher or pitcher.

(6) A maximum of three warm-up pitches from the mound will be allowed prior to the start of each half-inning.

(7) All preinning infield warm-ups must be completed when the pitcher has finished his three warm-up pitches.

(8) With two out the pitcher of the team at bat may begin to warm-up at an appropriate location on the sideline.

LIMIT COACHES

(9) The NCAA rule limiting the number of times a coach may go on the field to talk with his pitcher before the latter is removed from the game shall be strictly enforced.

(10) The home coach should provide the umpires with a copy of these special rules before each game and request their cooperation in enforcing these rules and speeding up the game.

(11) The coaches of both teams are responsible for doing everything possible to reduce the elapsed time of games.

Stetson described the steps as a positive move to improve the game, both from the standpoint of spectators and the students who are members of college baseball teams.

"It is hoped that concerted action may be taken at each institution whereby the great game of baseball can continue to be a vital part of our intercollegiate athletic programs free of some of the criticisms now being leveled at it," Stetson said.

JIMENEZ AND
SIEBERN LEAD
HITTERS, RBI'S

NEW YORK (AP)—While rookie Manny Jimenez of Kansas City continues to lead the American League in batting, teammate Norm Siebern has forged to the front in runs batted in.

Siebern, acquired by the Athletics in the deal that sent Roger Maris to the New York Yankees before the 1960 season, displaced injured Al Kaline of Detroit as the RBI leader. The bespectacled first baseman drove in five during the week for a total of 39, one more than Kaline.

Jimenez, meanwhile, hung onto the batting lead despite a slump. The outfielder from the Dominican Republic sports a .362 average even though he lost 30 points on 3-for-19.

Runner-up Chuck Essegian of the Cleveland Indians also had a poor week at the plate, his average skidding 32 points to .347. He went 4-for-21.

INJURED KALINE GAINS

Kaline, sidelined with a fractured collarbone, climbed a rung from fourth to third without swinging a bat. His average remained at .336.

In the National League, outfielder Billy Williams of the Chicago Cubs maintained the lead with a .359 mark. His average was hiked eight points with 11-for-27.

The Phils' Tony Gonzalez enjoyed the biggest gain, a 16-point increase, as he climbed from a seventh place tie a week ago to second at .347. A 12-for-29 performance accounted for the upsurge.

Orlando Cepeda of San Francisco dropped a notch from second to third at .341. He went 10-for-34 and lost eight points.

Willie Mays of the Giants hit four homers during the week to boost his national league-leading output to 19. Los Angeles' Tommy Davis took over the RBI lead from Cepeda with 55. Jim Gentile of Baltimore remains the American League home run leader with 15.

NFL Preseason

Schedule Is Heavy

NEW YORK (AP)—A 36-game preseason schedule, opening with the annual College All-Star Game in Chicago on Aug. 3, was announced by the National Football League today.

Each of the 14 teams will play five preseason games except the champion Green Bay Packers, who have six, including the College All-Star contest sponsored by the Chicago Tribune.

On each of the next five weeks after the All-Star game, there will be seven games, with no teams having an open date. The preseason schedule winds up Sept. 9, a week before the regular season opens.

Games will be played in 18 states and the District of Columbia. There will be 19 games in league cities and 17 in nonleague cities.

Ken Venture Fails To Make
Grade For U.S. Golf Open

By DON WEISS

Associated Press Sports Writer

Ask the nation's golf professionals to pick the fellow tourist with the No. 1 picture swing and game and chances are a majority would nominate Ken Venture.

The same Venture will be among the missing when a field of 150 tees off for the start of the U.S. Open Championship at Oakmont, Pa., June 14.

Venture was the best-known casualty Monday as the final stage of qualifying began for the National Open. The 31-year-old San Francisco pro, who had the Masters championship in his pocket and lost it in 1956 and again in 1960, failed to make the grade in the 36-hole sectional competition at Memphis, where he and many others took the test a day after competing in the Memphis Open.

OTHERS FAIL

Bill Collins and Jim Ferree also

missed out, as did former British Open champion Kel Nagle of Australia, as 50 berths in the U.S. Open were determined at Memphis and in sectionals at Cincinnati, Dallas, Kansas City, Denver and Tacoma, Wash.

Eighty-one more spots will be contested for today at seven other locations, topped by the Montclair N.J., sectional where the \$100,000 Classic Open begins on Thursday.

Sam Snead, winner of everything else in golf except the open, heads a Montclair lineup that also includes Bob Rosburg, Paul Harney, Phil Rodgers, Bobby Nichols, Stan Leonard, Earl Steward, Jack Fleck and Don Fairfield. Other tests in Pittsburgh, Chicago, Detroit, Atlanta, Washington, D.C., and San Francisco will complete the two days of qualifying for the 131 nonexempt berths in America's premier tournament.

19 ARE EXEMPT

Nineteen players, including defending champion Gene Littler, were totally exempt from the eliminations that began two weeks ago. The others who drew passes into the championship proper were Arnold Palmer, Gary Player, Billy Casper, Tommy Bolt, Dick Mayer, Jerry Barber, Bob Goalby, Doug Sanders, Jack Nicklaus, Mike Souchak, Doug Finsterwald, Doug Ford, Eric Monti, Jacky Cupit, Gardner Dickinson, Billy Maxwell, Gay Brewer and Johnny Pott.

Butch Baird of Galveston, Tex., clipped three strokes off par in leading the 27 Memphis qualifiers with 69-68-137 for the 6,724-yard, par 35-35-70 Memphis Country Club course. Lionel Hebert, who won the Memphis Open on Sunday; his brother, Jay, and Cary Middlecoff, Jackie Burke, Don January, Don Whit, Dave Ragan, Mason Rudolph, Art Wall, George Bayer, Bruce Crampton, and Joe Campbell also survived the Memphis test, which took a 36-hole score of 143 or better.

Bob Zimmerman of Dayton led seven qualifiers at Cincinnati with 70-68-138. Amateur Labron Harris Jr. of Stillwater, Okla., headed the five qualifiers at Dallas. Army Capt. Orville Moody shot 69-70-139 for top position among four qualifiers at Denver. Stan Thirk of Kansas City and amateur Jim Tom Blair of St. Louis each had 138 totals in Kansas City. Eight golfers sought two berths at Tacoma, and the leader was Adrian Bigas of Ft. Lewis, Wash., with 70-70-140.

The Yankees regained first place Monday evening by blanking the Indians 9-0 as Kevin Zumbrun turned in a tight four-hit pitching performance with no Indian runner getting past second base.

A bases-loaded double by Chris Rebert in the bottom of the second inning drove in three runs. Rebert then tallied on two throwing errors on the same play.

Jerry Altoff banged out two doubles and a single to lead the winners' 10-hit attack. Robin Weaver poled two of the Indians' hits.

Koufax Fans 13 Phils
To Move Dodgers Up In
N.L. Race; Total Is 123

By MIKE RATHET

Associated Press Sports Writer

If anything fits Sandy Koufax to a T, it's a K.

The Los Angeles Dodgers' hifi king added another flock of K's to his amazing strikeout total Monday night, fanning 13 batters en route to a three-hit, 6-3 victory over Philadelphia in the only game played in either league.

The letter "K" stands for strikeout in marking a game scoring book.

"THEY'RE NICE"

The triumph, moving second-place Los Angeles within two games of National League-leading San Francisco, boosted Koufax' record to 8-2 and further propelled the 26-year-old left-hander along the road to what he wants most—a 20-victory campaign.

"Strikeouts are nice to have," says Koufax, "but I wouldn't trade a 20-victory season for all the strikeout records in the book."

He's the only pitcher in major league history to strike out 18 twice, hold the league record for 269 strikeouts in one season and fan 10 or more 36 times—all during an 8-year career. But his 18-13 record last year was the closest he's come to winning 20.

HAS 123 NOW

Koufax' standout effort against the Phils gave him a total of 123 strikeouts in 101 innings this season, marked his fourth consecutive complete game triumph and gave him a string of 10-16-10-13 set down via the strikeout route over the four-game span.

The Dodger swiftly allowed a leadoff single to Tony Taylor in the first inning, then retired 17 batters in order before Taylor walked in the seventh. He tired in the ninth, allowing John Callison's single, a walk to Roy Sievers and a pinch-hit homer by Jackie Davis with two out.

The Dodgers pulled ahead to stay against Art Mahaffey (5-7), winless in seven starts against Los Angeles, with a run in the first on Maury Wills' single, his steal of second and bunt singles by Willie Davis and Tommy Davis. The Dodgers chased Mahaffey in the second when Wally Moon and John Roseboro tagged consecutive homers leading off the inning.

ON TO PITTSBURGH

The Dodgers move over to Pittsburgh tonight for a two-nighter with the Pirates while the Giants, who have held the top spot by winning 11 of 12, will be at Chicago for a day game. Cincinnati is at St. Louis, Milwaukee at Houston and New York at Philadelphia for other nights on a full program.

It'll be Stan Williams (5-1) and Don Drysdale (8-3) for the Dodgers against Earl Francis (2-2) and Bob Friend (5-6). The Giants will send Jack Sanford (6-4) or Billy O'Dell (6-3) against the Cubs Bob Buhl (3-3).

The American League spotlight falls on New York, where Cleveland's surprising Indians and the defending world champion Yankees open a 3-game series that will determine first place in the tight race bracketing five teams within 2½ games of the league lead.

TIGERS AT BOSTON

The Indians will start Jim Grant (3-0), on furlough from the Army, while Ralph Terry (6-4) will take the mound for the Yanks. Grant defeated Terry and the Yankees 7-1 with a five-hitter in an earlier meeting. Cleveland has taken five of the seven games between the two clubs, tied for first place with 27-19 records.

Third-place Minnesota, a half-game back of the leaders, will be trying to gain ground by knocking off visiting Kansas City. Fourth-place Detroit, only one game out of first, is at Boston, fifth-place Los Angeles is home to Chicago and Washington is at Baltimore. The entire American League program will be played under the lights.

WOMEN GOLFERS
MOVE TO AUSTIN

BEAUMONT, Tex. (AP)—With Betsy Rawls of Spartanburg, S.C., and Kathy Cornelius of Scottsdale, Ariz., declared co-champions of the \$7,500 Babe Zaharias Open, the women's golf tour moved on to Austin today.

There will be a field of 29 pros in the Austin Civitan Open that starts Thursday and Miss Rawls will be the sentimental favorite.

Miss Rawls and Mrs. Cornelius were declared co-champions of the Babe Zaharias Open with 36-hole scores of 146 after rain twice prevented playing of the final round.

Miss Rawls and Mrs. Cornelius each received \$1,075. Sandra Hayne of Garland, Tex.; Ruth Jensen of Seattle, and Betty Jameson of San Antonio all finished in a tie for third with 150 and each won \$623.

BUFFALO, N.Y. (AP) — The East team added three players and the West one today for the ball bowl game June 29.

Louisiana State halfback Jim Harris, tackle Jim Smith of Penn State and Mississippi tackle Jerry Brown were placed on the East roster, Phil Lohmann, Oklahoma fullback, was awarded a spot with the West.

MOOSE TEAMS
ROLL WELL IN
TOURNAMENT

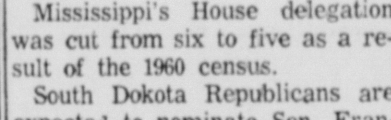

Fine performances were turned in by two Moose bowling teams who rolled their events in the Pennsylvania State Bowling Association tournament at Hazleton over the weekend.

Team one, rolling in Class A, turned in a 3,102 as compared to the current team leader which has a 3,246. Individual performances were Bud Knox, 534; Ralph Johnson, 540; Marlin Fisel, 602; Max Leonard, 632; Mike Tate, 598, plus a handicap of 276.

Team two in Class B turned in a 2,799. The leader has a mark of 2,932. Individual scores: Ronnie Baltzley, 547; John Gorman, 440

ATLANTA FOLK ASK WHY THESE MASS DEATHS?

ATLANTA (AP) — Everywhere people asked "why?"

That was the city of a million inhabitants as described by Publisher Ralph McGill of the Atlanta Constitution after word spread like wildfire of the disaster overseas that had snuffed out the lives of more than a hundred who had helped make this Southern metropolis an arts center.

"It is an awesome thing," McGill wrote in his column today, "to be confronted with the ancient truth that in the midst of life we are in death."

"When it occurs in the mass, as in a battle . . . or the explosive smash of aircraft, the shock of it is one which makes a community grow silent and put its mind to the business of trying to understand the swift transition of more than 100 men, women and children from life to death."

SOME BLAME SELVES

McGill wrote that some husbands now are blaming themselves because they didn't accompany their wives to Europe and death.

"They didn't really want to go," some said. "Her husband said he would be damned if he would go across an ocean with a group planning to look at art galleries. She could go, he said. And she went. Now he blames himself."

"It was such a cheap way to go to Europe and they always had wanted to go," McGill quoted friends of others as saying. "So they decided to go with the art association."

The publisher spoke of the busy day for Atlanta's priests and ministers.

ALL ASK WHY?

"All Sunday afternoon they went about Atlanta visiting homes where grief was," McGill said. "There was no one who did not encounter the sobbing question,

DE GAULLE AND MACMILLAN IN PEACE TALKS

By JOSEPH E. DYNAN

PARIS (AP)—A two-day meeting between President Charles de Gaulle and Prime Minister Harold Macmillan reportedly has wiped away many French objections to Britain's entry into the flourishing European Common Market.

A joint communique issued after the talks ended Sunday said the community of interests linking the two nations must influence negotiations between Britain and the six continental states on British membership in the economic community.

French officials indicated the talks, which placed new emphasis on British-French comradeship, had cleared away many of France's doubts about bringing Britain into the Common Market.

British sources confirmed this as Macmillan returned to London. They expressed satisfaction at the reaffirmation of the long-standing community of interest between the two nations.

FRENCH HURDLES

France has put up most of the hurdles in negotiations for Britain's market membership. De Gaulle has insisted Britain would have to accept the obligations as well as the privileges of the Treaty of Rome which set up the Common Market.

France and her partners in the economic community — Belgium,

The scene is a typical bright, clean, inviting Phillips 66 Station. Mom and Sue have paused on their way to join friends at a picnic. With womanly wisdom, they've de-wrinkled their dresses, had the gasoline tank filled and now are having the car spruced up. For Phillips 66 Dealers, besides providing high performance Sixty-Six Gasoline, are also glad to clean the glass all around and brush out inside the car. Try Phillips 66 service the next time you're out driving. You'll like Phillips 66 "Hospitality on the Highway."

P. S. You can have confidence in the cleanliness of rest rooms wherever you see the Phillips 66 "Certified Clean" sign.

It's a pleasure to please you!

BELINSKY AND JIMENEZ ARE TOP AL ROOKIES

BOSTON (AP) — Who has the inside track for American League rookie honors this year—Bo Belinsky, Manny Jimenez or another bright newcomer?

League headquarters, not wanting to seem partial, left the answer up to fan discussion today when it issued a report on the 43 rookies on squad rosters. The home office notes that about 20 already have bid strongly for recognition.

Southpaw whiz Belinsky, of no-hit fame appears the current choice on the defensive side of the ledger. The glib Los Angeles hurler has a 6-2 record and a glittering 2.51 earned run average to go along with the AL's first no-hitter since 1958.

TOPS IN BATTING

Offensively, Kansas City outfielder Jimenez heads the race for the batting crown by consistently turning back challenges from veteran stickmen. The Dominican Republic native is batting .362. A lefthanded swinger, he has mastered the art of hitting to the opposite field.

The A's have eight, including catcher Joe Azcue and third baseman Ed Charles, who came in the deal that brought Jimenez from Milwaukee. The others are outfielder Jose Tartabull, plus pitchers Dave Wickersham (6-1 including last six in a row, 2.70 ERA), John Wyatt, Dan Pfister and Diego Segui.

The Angels' six are promising catcher Bob Rodgers, infielders Felix Torres and Tom Burgess, and pitchers Dean Chance and Bob Botz.

STANDOUT YANKEE

Switch-hitting Mike Tresh handles shortstop so well for the New York Yankees that there is talk predecessor Tony Kubek will be an outfielder after he returns from service. Tresh has socked home 27 runs with his workmanlike .270 batting average.

More recently, outfielder-first baseman Joe Pepitone has blossomed into a dangerous slugger for the defending world champs with 10 extra base blows and 10 RBI to show for 21 hits.

Cleveland is impressed by its rookie outfielders, Al Luplow and Ty Cline.

CLAIMS FOR HERSHBERGER

Second baseman Bernie Allen plus righthanded pitchers Joe Bonikowski and Lee Stange get a major assist in helping the surprising Minnesota Twins remain close to the pace.

Chicago claims "the strongest, most accurate arm in baseball" for outfielder Mike Hershberger (.274, 22 RBI), and has five complete games out of righthander Joe Horlen (5-2).

Though temporarily eclipsed by a leg injury, 6-5, 235-pound John (Boog) Powell of Baltimore is a strong contender for rookie laurels.

Pitcher Dave Stenhouse has proved a rugged foe as his 3-1 record for last-place Washington attests.

Boston offers a battery of giants, righthanded relief pitcher Dick Radatz (6-6, 240) and catcher Bob Tillman (6-4, 210). Radatz has 37 strikeouts and a 2.17 earned run average for 29 1-3 innings.

Tillman has five tape-measure homers, 12 RBI since winning the regular assignment May 20.

Pep Pills Send Trucker To Jail

McCONNELLSBURG, Pa. (AP)

—A Fayette County truck driver was sentenced to 3-12 months in jail and fined \$250 Monday after pleading guilty to charges of possessing pep pills.

The driver, James R. Spear of Ohioyle R. 1, was arrested by state police last April 3 on the Pennsylvania Turnpike in Fulton County.

Officers said they stopped Spear for weaving on the road and saw him toss a tin container of the pills through a window. He was driving a truck load of bananas from New York to Ohio at the time.

Sentence was imposed by Judge W. C. Sheely of Fulton County.

SLAYER CAN'T RECALL CRIME

PITTSBURGH (AP) — An ex-mental patient who gunned down a psychiatrist at a veterans' hospital and then traded shots with police for two hours before being captured says he can't remember the incident.

William S. Pola, a 28-year-old former Marine, told detectives Monday he doesn't remember killing Dr. Daniel Thaw, 61, last Friday in Thaw's office at the Leech Farm Veterans' Administration Hospital.

Homicide Capt. Joseph Flynn said three detectives who questioned the Wilmerding, Pa., resident "didn't get very far."

Detectives said Pola recalled the location of Dr. Thaw's office where he had once been a voluntary patient. But they said he couldn't remember having a gun, shooting Dr. Thaw or battling with police.

NEW YORK (AP) — Maria A. Melik, 73, noted silk designer, died Sunday.

MIAMI, Fla. (AP)—Russell E. Scofield, 58, advertising director of the Miami News, died Sunday of a heart attack. Scofield, immediate past president of the National Advertisers Executives Association, came to Miami from Lexington, Ky., where he was with the Herald-Leader.

WILL PROPOSE REDUCTION IN INCOME TAXES

NEW YORK (AP) — Secretary of the Treasury Douglas Dillon says the administration will propose a top-to-bottom reduction in income tax rates for enactment by Congress next year.

He told the New York Financial Writers Association at a dinner Monday night that the proposal will be part of "a fundamental restructuring of our income tax system, designed to promote the maximum long-term economic growth."

The cuts would be coupled with revenue-raising proposals to offset the resulting loss of government revenue "in whole or in part," Dillon said.

TAX REFORM BILL

He said no decision has been made on how far to go in offsetting the lower tax rates by broadening the base of the tax structure and closing loopholes.

Dillon's statement was viewed as the most forceful declaration to date of the administration's tax plans for next year.

The tax plans of which he spoke would be part of the income tax reform bill the administration long has planned to hand Congress before it adjourns, with an eye towards legislative action early next year.

"PANIC TOOK CONTROL"

Dillon said he welcomes growing talk of a tax cut but not as "a hasty, ill-considered reaction to the gyrations of the stock market."

He spoke of the dramatic price drop of May 23 as one in which "all vestiges of reason were temporarily pushed aside, and panic took control of the great New York Stock Exchange."

Dillon said he sees no economic factors underlying the market's performance. Rather, he said, the slump reflects a realization that inflation has been brought under control.

McSherrystown

MRS. LESTER BOWMAN

McSHERRYSTOWN—The Cone-wago Little League held its monthly meeting Monday evening at Fee's Cut Rate. Plans were made to expand the League to eight teams next season. It was also decided that if at the end of the season there is a tie for first place there will be a one game play-off and there will be two trophies, one for the champion and one for winner of the play-offs.

All managers, coaches and players are to report to the Little League diamond Sunday morning at 10 o'clock to have team pictures taken by The Gettysburg Times.

William Krepps was in charge of the meeting.

BANNS PUBLISHED

The banns of marriage were published for the first time Sunday in the Annunciation of the Blessed Virgin Mary Church between: James Timmins, son of the late Mr. and Mrs. Edward Timmins, Hanover R. 4, Sacred Heart Parish, Conewago, and Mary Jane Pascoe, daughter of Mrs. Catherine Pascoe, North St., of Annunciation Parish.

McSherrystown Busy Bees 4-H Club held their meeting last evening at the home of Mr. and Mrs. Lewis Klunk, with all members present.

The girls chose a Health Habit to improve on, and began work on their project the making of skirts. Mrs. Tunison, county agent, showed the girls how to tear their material for their skirts, explained the sewing machine parts, how to thread the machine and bobbin, and their first step to sew a seam. A surprise birthday party was held during the meeting for Cecilia Weaver with cake and refreshments.

Miss Teresa Keffer and Mrs. Francis Hagerman, leaders, also attended. The next meeting will be held at the home of Mrs. John Riser, Second St., Monday, June 18, at 6:30 p.m.

MORSE GIVES SCRANTON TAG

HARRISBURG (AP)—Democratic state chairman Otis B. Morse has tagged U.S. Rep. William W. Scranton as "Willing Willie — a front man for the boss-controlled Republican party."

Scranton, the GOP candidate for

governor, is a man willing to do whatever the Republican party wants. Morse declared Monday in a statement.

He said Scranton further acceded to the will of the party leadership last week in endorsing George I. Bloom for re-election to another term as Republican state chairman.

"It is crystal clear that Willing Willie, by endorsing Bloom and by accepting the Philadelphia Republican bosses, is perfectly willing to remain at the beck and call of the bosses from here on out," the Democratic official said, adding:

"But the people of Pennsylvania will not be fooled by this willing front man for the same shoddy political minds who bossed Pennsylvania into the doldrums over a period of two decades. . . . Willing Willie is a man the Republicans wound up and put out on a road show performance which they hope will bedazzle Pennsylvanians."

SAFE DRIVING TIPS

KEEP PENNSYLVANIA "THE SAFE DRIVER STATE"

By Giving Yourself a Break

Driving too long without a rest can tire the driver, dull his senses and tend to slow down his reaction time in an emergency situation. Make sure you are always alert, and are able to drive with maximum efficiency.

On a trip, stop every hundred miles, or every two hours to relax, to stretch your legs and have a snack or a cup of coffee.

If every motorist had observed this safety suggestion last year, 2,690 accidents and 75 fatal accidents might have been prevented!

Don't drag yourself through another hot summer—get air conditioning for your home

Sweltering, muggy weather's hard to take. Room air conditioners make it easy. They keep bedrooms cool and comfortable, for better sleeping. They filter out dust and pollen to provide relief from hay fever and allergies. And because air conditioners lower the humidity, you'll feel better, have more energy. Room air conditioners are easily installed in any room. Cost just pennies a day. Your dealer has the new models now. Ask him what size is right for your home. But hurry. Real summer weather's just around the corner.

Administration Watching Closely For Aftereffects Of Stock Market Tumble

EDITOR'S NOTE — The recent tumble of the stock market frayed nerves and raised vital questions about the American economy. Here, in the first of four articles on "The Market and the Economy," AP business and economic affairs writer Sterling F. Green answers some of these questions and considers what measures the administration may take.

By STERLING F. GREEN
AP Economic Affairs Writer
WASHINGTON (AP)—The Kennedy administration is watching closely for after-effects of the stock market's nosedive but has ruled out any emergency stimulants to shore up business confidence.

Most officials, like most Wall Streeters, believe the market is heading into a gradual, moderate and possibly prolonged rise, in step with an unspectacular business expansion which, they predict, will keep on setting records into 1963.

They expect occasional sinking spells for a time, as profit-takers unload shares they bought at bargain prices from investors who were scared out.

FEAR COULD STALL
They consider it most unlikely that last Monday's spectacular losses — made up in two days' trading — left any serious doubt and fear in the minds of consumers and business managers.

That remains, however, a chilling possibility. If family heads and corporation heads feel too insecure to go ahead with planned

purchases of new cars, television sets, machinery, houses, and plants, the recovery could be stalled.

In that case the administration would respond, officials say privately, with the antidotes to recession — tax cuts and stepped-up federal spending.

SAY CONFIDENCE UNSHAKEN

But President Kennedy's advisers believe that consumer confidence in the stock market will be painfully rebuilt, and that industry's confidence in government will be mended by several measures — already in the works — which attest the administration's avowed aim to bolster business profits.

By now top administration men admit that a deterioration of business confidence, stemming partly from Kennedy's battering-ram assault on the April steel price increase, helped make last Monday's selloff the costliest since the famed "Black Tuesday" of 1929.

The market's irregular, accelerating decline began five months ago, they point out, for the simple reason that prices generally were far too high. Better yields could have been obtained in many cases by leaving the money in savings accounts.

GOT OUT OF HAIL

The shakeout was inevitable, they feel. But it got out of hand when emotional selling, and then forced liquidation by investors who had bought on credit, were added to some newly recognized

GETS TRAINING WITH MISSILE

Pvt. James E. McFerren, 22, son of Mr. and Mrs. Garnet L. McFerren, Gettysburg, recently completed advanced Redstone missile training conducted by the Field Artillery Missile Training Command at Fort Sill, Okla.

McFerren was trained in the duties and responsibilities of a Redstone missile crewman. He received instruction in basic electronics, theories of rocket propulsion and the parts, capabilities and employment of the Redstone missile.

The nuclear capable 69-foot-long Redstone is a liquid fuel guided missile with a 200-mile range. More accurate and longer ranged than conventional artillery, the Redstone is designed for use at field army level.

He entered the Army last December and completed basic training at Fort Jackson, S. C.

He attended Delone Catholic High School, McSherrystown, before entering the Army he was employed at the Annie Warner Hospital.

TOKYO (AP)—Four American airmen took a dip in the imperial palace moat in the heart of downtown Tokyo early Monday, but benevolent police released them with an admonition to do their swimming elsewhere.

Officers said the four from nearby Fuchu Air Base had been drinking and one apparently fell in the water. The other three dived to the rescue, and "all found it so pleasant they continued to swim," a police officer said.

If your menfolk eschew tossed green salads, try adding this red onion rings and crumbled Roquefort cheese to them before mixing with an oil-and-vinegar dressing.

facts of economic life. These facts were:

1. That the expectation of zooming corporate profits this year — the thing which put the speculative bubble on the market boom — has become a forlorn hope.

Profits are at a record high and going higher but no boom is in sight.

HAD EMERGENCY MEETING

2. That investors can no longer rely on inflation to make bad investments good and good investments better. A "Kennedy bull market" began in late 1960, but on speculation that the return of a Democrat to the White House would mean revived inflation.

That idea waned when Kennedy demanded a place for the public at the labor-management bargaining table, in the interest of non-inflationary settlements. It died when he crushed U. S. Steel's price boost. That was ample proof Kennedy meant business about holding the wage-price line.

Last Monday's market debacle, wiping \$21 billion of stock values off the Big Board in New York, prompted Kennedy to call an emergency meeting of his economic high command the next morning.

ASKED TAX CHANGES

The conference led, first, to an announced finding that the American economy was enjoying good health and better prospects; and second, to a tentative decision, intimated by Secretary of the Treasury Douglas Dillon, that the government would sit tight for the time being.

At the same time, the president of the U. S. Chamber of Commerce, Ladd Plumley, was calling for prompt White House action. He proposed a belated revision of the tax bill pending in Congress, a hurry-up job by the Treasury on liberalized depreciation allowances, and other reassuring moves.

But while the White House parley went on, the buy-orders were starting to flood into brokers' offices. That afternoon the market recouped two-thirds of the Monday loss; the next trading day restored it all — and then some.

HODGES STOOD ALONE

Only one administration voice, that of Secretary of Commerce Luther H. Hodges, proposed emergency action. Hodges suggested a prompt reduction of income and corporation tax rates and an immediate start by the Treasury on piecemeal issuance of new depreciation allowances for industrial equipment.

Hodges was speaking for himself. His views are not shared, administration sources said, by Kennedy, Dillon, or the President's Council of Economic Advisers.

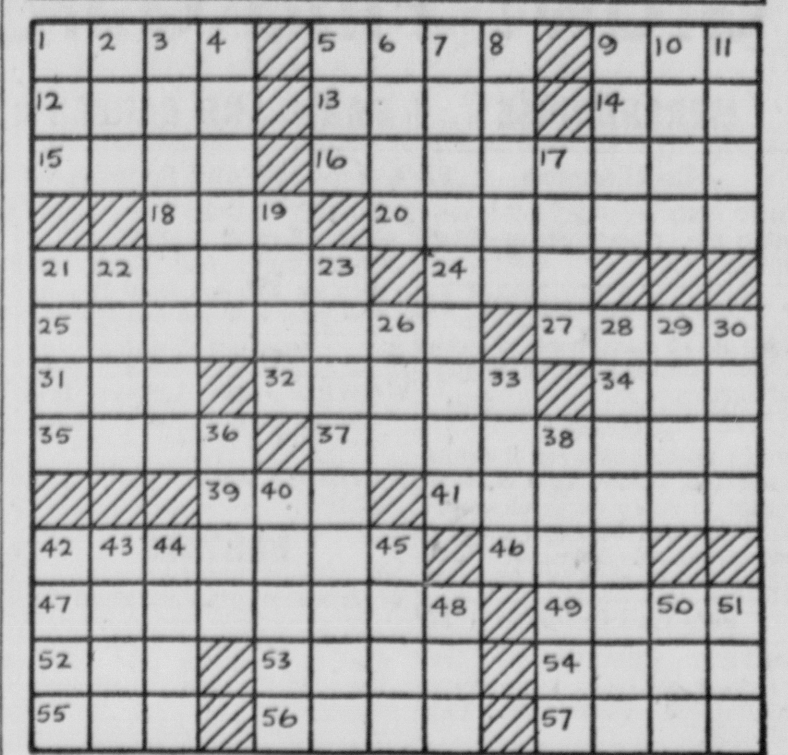

Substantially everything Hodges suggested is in the works. The depreciation reforms are being whipped into shape and will come out — a \$1.25 billion tax boon to spur business investment — this month or next.

WILL ASK CUTS

Cuts in corporation tax rates and in all income tax brackets will be proposed later this session, in a major tax overhaul bill intended for Congress action next year. It is not even in draft form now.

The administration does not favor easing the Federal Reserve Board's requirement that stock purchasers put up 70 per cent cash. The board has indicated it is not considering lowering margin requirements, which has been advocated by some to stimulate stock purchases.

TOKYO (AP) — A Japanese group opposing nuclear weapons testing urged President Kennedy Monday to cancel high-altitude nuclear testing in the Pacific.

The National Council against Nuclear Bombs and for the Promotion of Peace, an organization supported by the moderate Democratic Socialist party, in a protest note warned continued U.S. nuclear tests will "fundamentally impair friendly U.S.-Japanese relations."

The organization claims a membership of three million.

PA. DEMOCRATS SETTLE SPLIT

PITTSBURGH (AP)—A party dispute between Richardson Dilworth, the Democratic candidate for governor, and Dr. William D. McClelland, Allegheny County Commissioner chairman, has been settled.

McClelland and three other county officials met with Dilworth Monday, the second fence-mending talks in two weeks. Following the meeting McClelland pledged his full support to the former Philadelphia Mayor.

McClelland, Prothonotary David B. Roberts, Recorder of Deeds John J. Exler and Coroner Joseph B. Dobbs issued the following statement after the confab:

"We are confident that he will conduct party affairs with a broader concern for all areas of the state. . . . He respects the limitations of the taxpayers. He has pledged that he will not entertain any proposal for the drastic revisions of the state's tax structure."

In reply to a question McClelland said patronage was not a point of issue in the talks. Dilworth concurred with McClelland's statement and added that the consultation concerned only the future of the party.

FIND PARENTS OF TWO DEAD

PITTSBURGH (AP)—A young mother of two was shot to death in her home in nearby Carnegie Monday night and her husband was found dead about five miles away. Police called it murder and suicide.

Investigators said Mrs. Marlene Heasley, 24, was hit in the stomach and neck by shots from a .22 caliber rifle. She died shortly before midnight in St. Clair Memorial Hospital.

Police said she was gunned down in the kitchen a short time after returning home from a social at St. Luke's Church.

A neighbor, Mrs. Elizabeth Reilly, told detectives she heard gunfire in the Heasley home and saw the husband, Norman, 30, dash from the house.

The couple's children, Norman Jr., 6, and Kenneth, 15 months, were asleep in the home at the time of the shooting, police said.

Police could offer no explanation for the shootings.

Florida State Has Playoff Berth Now

By THE ASSOCIATED PRESS

Florida State has earned a berth in the college baseball world series, and today Missouri and Bradley will wind up their battle for the last spot in the competition beginning at Omaha, Neb., June 11.

Florida State defeated Wake Forest twice at Gastonia, N.C., Monday, 10-8 and 3-2 in 11 innings, winning the NCAA District 3 title and advancing to the national finals. Missouri defeated Bradley 3-1 at Columbia, Mo., in the first game of their best-of-three series for the District 5 crown.

Six teams previously earned berths in the college world series — Colorado State College, Ithaca (N.Y.), Santa Clara, Texas, Holy Cross and Michigan.

Lehigh University placed two soccer players on the 1961 All-Middle Atlantic Conference team. They were fullback Mike Broniecki of Allentown, Pa., and center halfback Bruce Gitlin of Great Neck, N.Y.
